**COURTAGEN LIFE SCIENCES ADDS PEDIATRIC NEUROLOGIST, NGOC MINH LE, M.D., TO
THE COMPANY'S CLINICAL TEAM**

Dr. Le Brings Deep Clinical Expertise in Pediatric Neurology and Epilepsy to Courtagen

WOBURN, MA. April 28, 2016 - Courtagen Life Sciences, Inc., an innovative molecular information company, announced today the addition of Ngoc Minh Le, M.D. to the company's clinical team as Medical Consultant.

"Dr. Le's deep expertise in pediatric neurology, and especially his domain knowledge of the genetics of epilepsy and seizure disorders, is a perfect fit for Courtagen," states Brian McKernan, Chief Executive Officer of Courtagen. "We look forward to Dr. Le's contributions and clinical insights as we continue to build a world-class molecular information company."

Dr. Le is an American Board of Psychiatry and Neurology (APBN) certified pediatric neurologist who specializes in epilepsy, neurogenetics, and neurometabolism. He received his M.D. from Drexel University College of Medicine. Dr. Le trained in pediatric neurology at The Cleveland Clinic, and epilepsy and neurophysiology at Miami Children's Hospital. At Miami Children's Hospital, he was Co-director of the Neurogenetics / Neurometabolic Clinic, and the Ion Channel Epilepsy (Dravet Syndrome) Clinic. Dr. Le has also been a primary or contributing investigator on a number of FDA epilepsy drug and device studies.

About Courtagen Life Sciences, Inc.

Courtagen Life Sciences, Inc., located in Woburn, MA, is a CLIA/CAP certified molecular information company focused on the diagnosis of a range of neurological disorders. Courtagen operates a highly sophisticated Next Generation DNA Sequencing, bioinformatics, and clinical interpretation business. Courtagen's work helps physicians elucidate the linkages between the genotypes and phenotypes of various neurological diseases. For more information, please visit <http://www.courtagen.com/>
